

RONCESVALLES POLISH FESTIVAL

Roncesvalles Village BIA

September 16 – 17, 2017

On behalf of the Government of Ontario, I am delighted to extend warm greetings to everyone taking part in the Roncesvalles Polish Festival.

It is wonderful to join in this celebration of Polish culture and heritage, which helps to showcase the Polish community's many enduring contributions to the social, economic and cultural life of our great province.

I want to thank everybody at the Roncesvalles Village BIA for putting on another incredible festival, and for their dedication to enriching the life of a neighbourhood known for its vibrancy, creativity and diversity.

In Ontario, our diversity really is our strength, and the peaceful, harmonious society we have built is a testament to the unique experiences and perspectives that people of all backgrounds continue to bring to our great province.

This year, as we celebrate the 150th anniversary of our province and our country, we can take pride in how we have embraced diversity, and work together to make sure we continue to be a welcoming society for all.

Have a wonderful festival!

Kathleen Wynne
Premier
